

Confirmatory Instrument

Application for: _____

(Title of Invention)

Inventor(s): _____

Serial No.: _____ **U.S. Patent No.:** _____

Filing Date: _____ **Contract No.:** _____

The invention identified above is a "**Subject Invention**" as defined at Section 201 of Title 35 of the United States Code. Under the Federal Aviation Administration Acquisition Management System, Contract Clause 3.5-11, "Patent Rights - Ownership by the Contractor (January 2009)", and other regulations as applicable to contracts, grants, cooperative agreements or other transactions, the contractor (grantee, etc.) is required to confirm that the U.S. Government has a license in the subject invention as described below.

This document hereby grants and confirms that the Government of the United States is granted a nonexclusive, nontransferable, irrevocable, paid-up license to practice or have practiced for or on behalf of the United States the subject invention throughout the world.

The Government is hereby granted the irrevocable right to inspect and make copies of the above-identified patent application.
