Section 3.6.3.4.2 : Recovered/Recycled Materials

Old Content: Acquisition Management Policy:

Section 3.6.3.4.2 : Recovered/Recycled Materials

The FAA Affirmative Procurement Program (APP) implements the national goals to minimize solid waste, prevent pollution, save energy and other resources, reduce greenhouse gas emissions, and encourage public support and participation. This APP applies to: a) all FAA acquisitions, including simplified purchases, in which an Environmental Protection Agency (EPA) designated item is acquired; b) contractors' operating FAA facilities; and c) if applicable, state and local recipients of assistance funding. Nothing in this APP should be used to negate any state or local affirmative procurement requirement that is more stringent than a similar requirement already being implemented under the APP.

Section 3.6.3.4.2 : Recovered or Recycled Materials

The FAA Green Procurement Plan (GPP) implements national goals to minimize solid waste, prevent pollution, save energy and other resources, reduce greenhouse gas emissions, and encourage public support and participation. This GPP applies to: all FAA acquisitions, including simplified purchases, in which an Environmental Protection Agency-designated item is acquired; contractors operating FAA facilities; and if applicable, state and local recipients of assistance funding. Nothing in this GPP should be used to negate any state or local affirmative procurement requirement that is more stringent than a similar requirement already being implemented under the GPP.
