Summary of Change:

Removed one sentence from section 10.3, added 10.3 to the Table of Contents, removed FID from title, removed major functionality action plans, and clarified what official memorandum was to be used for when ISD is not applicable

Reason for Change:

Section 10.3 of the Implementation Strategy and Planning Document states that the recommendation for in-service decision authority should be included in this section; however, the recommendation is included in the JRC briefing instead. Removed major functionality action plans because they are no longer used, and clarified that the ISD not applicable memorandum should be used.
