Summary of Change:

Updated Program Requirements Template Guidance

Reason for Change:

This change updates the template guidance regarding requirements allocated by the enterprise to another program and adds Appendix 5,Requirements Allocation Matrix. These requirements are part of this programs business case but are implemented by another program. This change also updates guidance for Information Systems Security (ISS) requirements. Additional Integration Requirements guidance for non-NAS acquisitions is also provided.

Development, Review, and Concurrence:

(Organizations /workgroup /functiona l specialists internal and external to your organization that input,reviewed,and concurred with the change.)

Target Audience:

The target audience is Program offices,contracting personnel,investment analysis teams,and the acquisition workforce.

Briefing Planned: Yes.

ASAG Responsibilities: Yes. Review and Comment.

Section / Text Location:

Templates for Acquisition Planning and Control Documents,Program Requirements Document

The redline version must be a comparison with the current published FAST version.
