

Electronic Funds Transfer (EFT) Waiver Request Form

In 1999 the Federal government enacted the E-Gov initiative to modernize the way the Federal government does business, both internally and externally, with its customers and suppliers. The FAA supports the E-Gov effort by making most of our vendor and lease payments by Electronic Funds Transfer (EFT). EFT means you can have your money deposited directly into an account at a designated financial institution of your choice. Waivers will be granted for those individuals who meet at least one of the eight justifications below.

Section 1: Vendor Information
