Subject: Delegation of Authority for Real Property Transactions

---

---

In accordance with the authority granted to me by the Administrator on July 1, 2011, as the FAA Acquisition Executive (FAE), I hereby delegate unlimited authority for award and administration of real property transactions to above listed positions. You cannot further re-delegate this authority.

You may recommend qualified personnel for an individual delegation of authority for real property transactions; only the FAE may appoint real estate contracting officers or grant similar types of authority.

Further, I assign to the Manager ARC Eastern Logistics Service Area responsibility for recommending, and management oversight of, any individual delegation of authority for real property transactions at Washington Headquarters and William J. Hughes Technical Center.

This memorandum rescinds all prior FAE delegations to the Manager, ARC Logistics Service Area. This delegation remains in effect until expressly rescinded.
